Ann Sexton, Business Assistant and Administration Support  
Mission Support and Test Services, LLC (MSTS)  
702-295-0215, sextonba@nv.doe.gov

Where: National Nuclear Security Administration North Las Vegas (Losee) Campus  
2621 Losee Road, N. Las Vegas, NV 89030

Specifics: Refer to your Agendas and Meeting Schedules

Badge Office: Monday thru Thursday – 0630 to 1700  
Friday – 0700 to 1600  
702-295-1360 (voice) / 702-295-0599 (fax)  
e-mail NFOBadgeOffices@nnsa.doe.gov

Badging

1. Attendees must use the Energy Way gate to the Losee Campus.

2. Stop at the Building B3 Badge Office (the very first building on your right after you turn onto Energy Way) where you will be issued a temporary badge for the duration of your visit.

   EXCEPTION: If you have a DOE-issued HSPD-12 credential, you may bypass the Badge Office.

   • If you pre-registered for the meeting, your access paperwork will already be completed and awaiting your arrival. If not, there will be a slight delay.

   • If you do not have acceptable identification, we sincerely regret that you will be denied access as we do not have the staff available to provide escorts. Please see the REAL ID Act attachment for acceptable identification.

   • NOTE: Foreign nationals must arrange access through a Nevada-credentialed sponsor. Prior coordination is critical as the sponsor must submit the access request at least 45 days in advance of the date of the meeting.

3. Each time that you enter the Losee Campus you will be required to show your identification to the Security Police Officer (SPO) at the gate. All vehicles are subject to search.

4. Badges must be worn above the waist in plain sight at all times. If you lose your badge, immediately contact your MSTS POC.

5. At the time of your final exit, return the temporary badge to the blue badge drop box outside the SPO station on Energy Way. Should you forget, contact your MSTS POC for instructions.

General Considerations

The scheduled meeting locations and cafeteria are inside the Property Protection Area (PPA). Please refer to the attached Prohibited and Controlled Articles and Electronic Device Acceptable Use Policies to see what is permissible in the PPA. The most frequently asked topics are summarized below.

• Personal, company, and government laptops, notepads, MP3 players, and other computing devices and peripherals are allowed in the PPA. Audio and video recording functions may not be used.
• Non-Nevada devices may not be connected to any Nevada system or resource other than authorized and designated projection systems or internet connections. Cyber Security will immediately respond to the introduction of any unrecognized or unauthorized equipment.
  
  • If you intend to use your own laptop to connect to a Nevada projection system for a meeting and/or require an internet connection, let your MSTS POC know so that he can arrange for appropriate technical support.

• If you will be using Nevada computers for your presentation, email presentations in advance to your MSTS POC who will arrange for virus scanning and loading onto the meeting rooms’ computers. Do not attempt to install any storage medium (e.g., flash drive, hard drive, CD, DVD) – introduction of unauthorized media will result in an immediate Cyber Security response.

• 3G and 4G enabled devices (e.g., aircards) are permitted in the PPA and work very well.

• Guest WiFi capability is available. Establishment of a mobile WiFi hotspot using a smartphone, iPad, Verizon Jetpack, aircard, or similar device is not permitted and the WiFi hotspot function must be deactivated while on Nevada property.

• Personal, company, and government cell phones with cameras are allowed in the PPA. Bluetooth headsets are also permitted. However, any audio, photographic or video recording functions may not be used.

• Stand-alone audio or video recording devices may be kept in your vehicle, but may not be used. If you wish to have audio, photographic or video recordings, contact your MSTS POC who will arrange for an authorized technician and equipment to support you.

• Please bring any presentation handouts with you or mail ahead; our ability to make copies for you is limited. Contact your MSTS POC for mailing instructions.

• Place visible luggage tags with your name, company, and contact number on your backpack, laptop case, briefcase, etc. Do not leave these types of items unattended.
