MICHAEL LEMPKE

EXECUTIVE BIOGRAPHY

MICHAEL LEMPKE
President, Nuclear and Environmental group
HII Mission Technologies division

Michael Lempke is president of the Nuclear and Environmental group at HII Mission Technologies division. He is responsible for HII's work in nuclear site operations, environmental remediation services and waste management.

Lempke previously served as vice president of energy programs at HII's Newport News Shipbuilding division, where he was responsible for overseeing all Department of Energy programs, as well as commercial nuclear and industrial products businesses.

Before joining Newport News Shipbuilding in June 2016, Lempke was vice president of Integrated Strategic Decision Support at Systems Planning and Analysis, Inc., served as associate principal deputy administrator for the National Nuclear Security Administration (NNSA) and the associate administrator for infrastructure and operations and had a long and successful career at Naval Reactors, where he held senior leadership positions including manager of the Naval Reactors Laboratory Field Office, and director of Acquisitions at Naval Reactors Headquarters. Lempke also served as a Navy Supply Corps officer in the United States Navy.

He holds a bachelor's degree in finance from Arizona State University and a master's degree in acquisitions management from The George Washington University.

HII is a global engineering and defense technologies provider. With a 135-year history of trusted partnerships in advancing U.S. national security, HII delivers critical capabilities ranging from the most powerful and resilient maritime platforms ever built, to unmanned systems and AI/ML analytics. HII leads the industry in mission-driven solutions that support and enable a connected, integrated full spectrum force. Headquartered in Newport News, Virginia, HII's skilled workforce is 44,000 strong. For more information please visit: HII.com
