

BOB SMITH

SENIOR VICE PRESIDENT, NUCLEAR & ENVIRONMENTAL, MISSION SOLUTIONS

Bob Smith, Senior Vice President, leads Fluor’s Nuclear and Environmental business for the government sector. Immediately prior to taking this role in April 2024, Bob served as the Chief Operations Officer for Nuclear and Civil Solutions within the Mission Solutions Business Group. He joined Fluor in 2016 as the Site Manager at the Department of Energy’s (DOE) Paducah Deactivation Project in Kentucky, where he served two years before moving on to the Portsmouth Decontamination & Decommissioning (D&D) Project in Piketon, Ohio, also as the Site Manager. While at Portsmouth, from 2018 through 2021, Bob was instrumental in moving the site’s cleanup mission forward.

Bob has more than 35 years of experience in nuclear facility leadership and management, including project management, D&D, operations, maintenance, start-up and commissioning, and engineering.

Previous assignments in the DOE nuclear market include Separations Project Research Unit (SPRU) Project Manager, East Tennessee Technology Park (K25) Technical Services/Site Support Manager, Deactivation and Demolition Director for Washington Closure Hanford Project, and the Area Project Manager for H-Area Material Disposition (includes H Canyon and HB Line Operations) at the Savannah River Site (SRS). Bob also worked several assignments of increasing responsibility in the Tritium Facilities at SRS early in his career, culminating as the Deputy General Manager, Tritium Facilities.

Prior to his career supporting DOE, Bob served in the United States Navy as a Naval Nuclear Trained Officer. This service included attending Nuclear Power School and Nuclear Prototype Training, and then serving on two submarines in various officer assignments.

Active in several professional and business organizations, Bob is a member of the Project Management Institute and worked with the Paducah Chamber of Commerce. He also served on the Board for the Pike County YMCA in Ohio during his tenure running the Portsmouth site.

Bob is a graduate of the University of Alabama, with a bachelor’s degree in mechanical engineering. He and his wife Charlene currently live in Kingston, Tennessee. In his free time, Bob enjoys hunting, traveling and spending time with his family.
