

# SAFER

## Digital Transformation EFCOG and SAFER

February 2025

# What is SAFER?

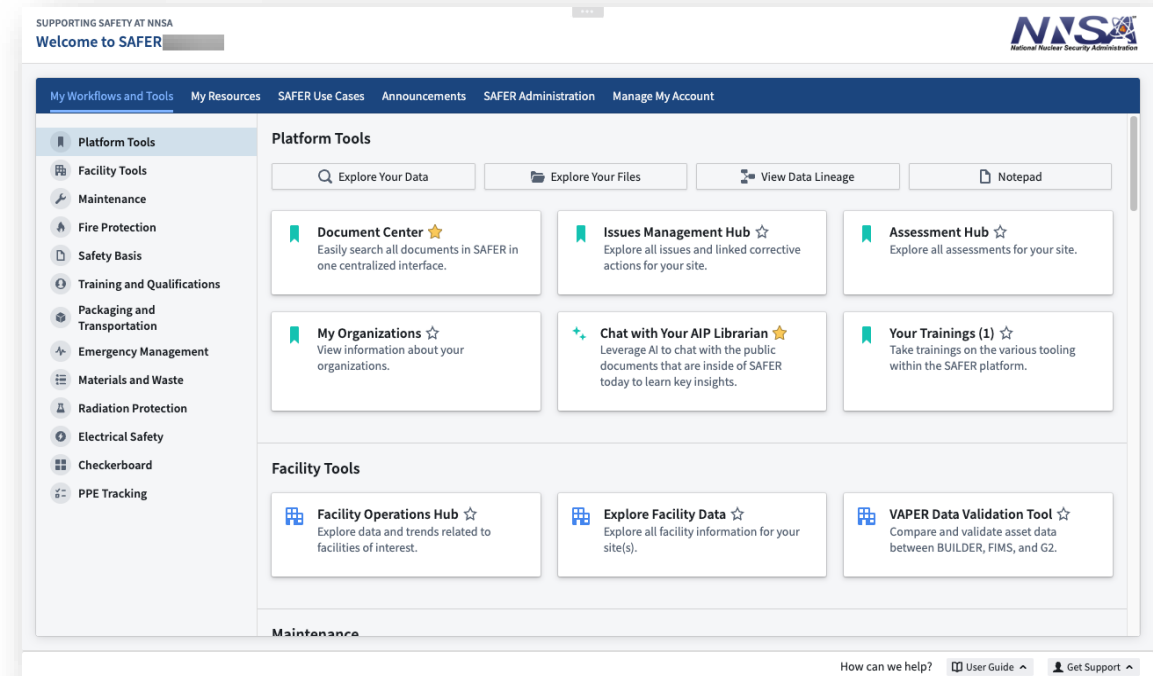

INNOVATE. COLLABORATE. DELIVER.

**SAFER is a data analytics and AI platform funded and developed by NNSA focused on tools that improve safety in NNSA facilities.**

- Current efforts targeted for Field Office and M&O Functional Area SME Users
- Other users include FR, SSO, Facility Managers, NNSA HQ Safety Functional Area Leads

**Built by Palantir Technologies with input from:**

- Field Offices
- Prime Contractors
- NNSA Environment, Safety, and Health (NA-ESH)

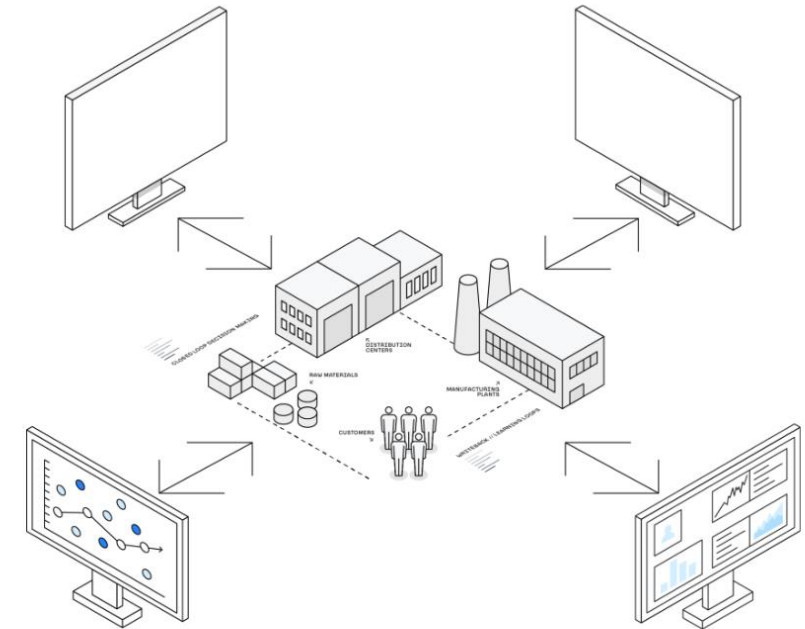

# SAFER Mission

INNOVATE. COLLABORATE. DELIVER.

## Support NNSA mission execution by providing a tool for efficiently accessing and utilizing data

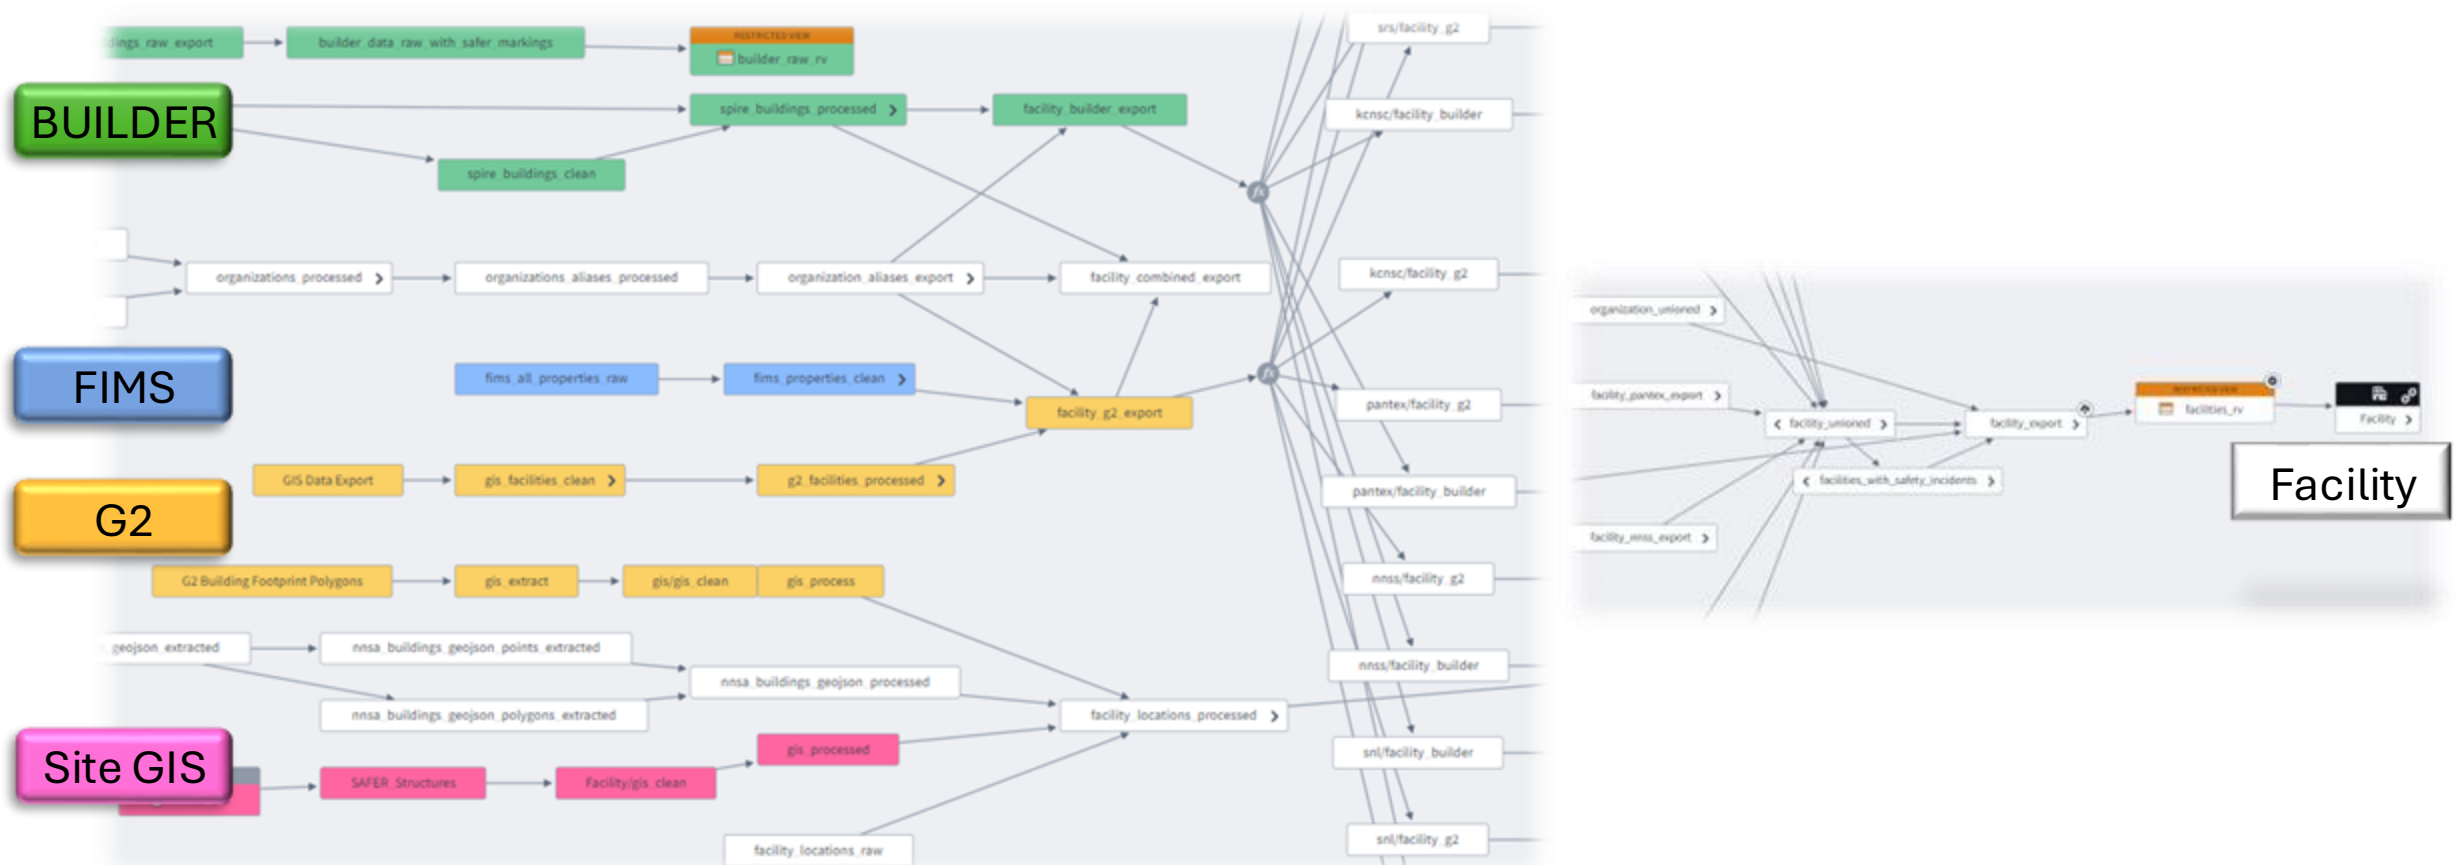

- Efficiently and effectively collect, process, analyze, and disseminate data from disparate source systems
- Manage risks with a holistic, enterprise-wide approach, using state of the art data science techniques
- Maximize the effectiveness of safety professionals
- Enable knowledge management to ensure availability of expertise across the enterprise and for the future

# Leveraging Existing Databases

INNOVATE. COLLABORATE. DELIVER.

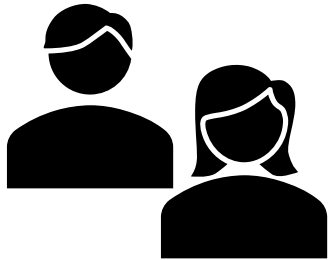

Data Sources are combined to reflect all the information that is known about an object.

# Who is SAFER for?

INNOVATE. COLLABORATE. DELIVER.

## Functional Area SMEs

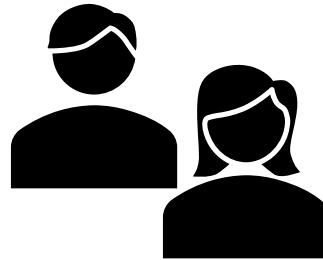

### *Responsible for:*

- Tracking and trending performance
- Ensuring controls and processes are adequate and effective
- Addressing and/or elevating emerging issues

Field Office, M&O, and HQ

## Facility Users (Facility Managers, CSEs, FRs, SSOs)

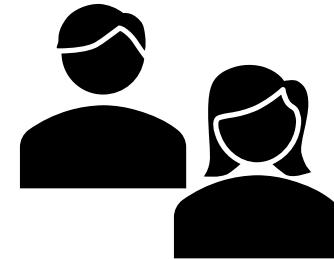

### *Responsible for:*

- Identifying and resolving day-to-day operational issues
- Coordinating with multiple SME groups
- Identifying and addressing potential risks to facility operations

Field Office and M&O

## Leadership at Sites & HQ

### *Responsible for:*

- Tracking and trending performance across all areas
- Assessing competing needs
- Acquiring additional resources or reallocating existing resources

Field Office, M&O, and HQ

# SAFER Demonstration and Training

Issue Object View & AIP Capabilities

# Thank you!

# How do I request a SAFER account?

INNOVATE. COLLABORATE. DELIVER.

## Getting access to SAFER is free for all NNSA users in the Safety Community!

1. Navigate to [safer.nnsa.doe.gov](https://safer.nnsa.doe.gov)
2. Complete a short 3 minute questionnaire
3. Wait 3-5 business days for your account manager to review your request
4. Start using SAFER!

### Welcome to SAFER

Select the button below to request access. Once your request is granted, you'll be able to start using SAFER.
