Update for the EFCOG
Software Quality Assurance Task Group

Chris Beaman

Office of Quality Assurance and Nuclear Safety Management Programs

EHSS

Office of Environment, Health, Safety and Security

Discussion Topics

- Status of the Safety Software Central Registry

- Software Quality Assurance Guide status

Safety Software Central Registry

- In 2018, AU-32 performed a management assessment on the Safety Software Central Registry (SSCR)

- As part of ongoing corrective actions from the 2018 assessment, AU-32 continues to evaluate the path forward
  - Input from the user community is desired

Software Quality Assurance Guide
(DOE G 414.1-4)

- Revcom comment period closes Apr-26

- Comment resolution will be conducted using subject matter experts

- AU-32 will consider and address comments via the formal Revcom process

Organizational Excellence

- Please start or join a conversation about software quality assurance on DOE's open forum on the Organizational Excellence Website: https://orgex.energy.gov/

- Software Quality Assurance (SQA) General Subforum: https://orgex.energy.gov/forums/qa-community-practice/software-quality-assurance-sqa-general
