Supply Chain Initiatives

Within our organizations, there are a myriad number of improvement efforts and initiatives underway associated with supply chain operation and management. This discussion aims to share those efforts in an open forum where input and feedback are requested and appreciated.

- Please keep discussions UNCLASSIFIED.
- Open discussion on initiatives within EFCOG organizations.
- Discussion should relate specifically to supply chain areas.
- Discussion may reference past, present, or future initiatives.
- Please share Lessons Learned, Best Practices, effective strategies, collaborative efforts, and more!!!!

Discussion Ground Rules

- Please limit initial comments regarding your initiative to 5 minutes or less.
- Please keep your phone muted when not speaking.
- Please do not interrupt others when they are speaking. Listen respectfully.
- Allow everyone the chance to speak.
- Collaborate, don't compete.
- Support statements with specific examples, where able.
- Avoid blame, speculation, and inflammatory language.

Topic Areas for Discussion

- Suppliers & Supplier Evaluations
- Supplier Corrective Actions & Implementation
- Materials Receipt & Inspection
- Procurement Quality
- Product Availability
- COVID Impacts and Mitigations
- Integrated Approved Supplier Lists
- Inspection & Testing of Procurements
- NAP Requirements Implementation & Interpretation

Thank you for your participation!
