

EFCOG Supply Chain Quality Task Team Conference Call Mar 17, 2021

Vince Grosso
Quality Assurance Technical Team Chair
William R Wingfield
Supply Chain Quality Task Team Chair
Joseph Fulghum
Supply Chain Quality Task Team Vice Chair
Julie Snelling
Supply Chain Quality Secretary

Unclassified

- 1. MSL Supplier Database access**
- 2. Upcoming Conferences / Workshops**
- 3. Industry / Supplier Issues**
- 4. Interface Representative Updates**
- 5. EFCOG Safety Working Group**
- 6. Supply Chain Project Updates**
- 7. Audit Opportunities Update**
- 8. Old / New Business**
- 9. Discussion & Close Out**

- I suggest you call in on your phones vs using the computer mics.
- Please mute your phones
- Please mute the microphones on your computer
 - You may have to unmute your computer.
 - Press *6 to unmute your phones.

Effective Sun 3/22/20 the MASL went dark (i.e. It is no longer active.)

Wed 3/25/20, the MSL is now active.

The new link to the MSL is: <https://www.msl.kcnsc.doe.gov>

MSL Registration:

- You must possess one of three types of credential [PIV, Entrust, or ONE ID (for those sites such as LANL that have that option)]. PIV is the preferred method. Your local Help Desk will be able to assist you in identifying what options are available and obtain the appropriate credential.

- After attaining a credential you are ready to register it with the Portal site. The ID and password PIN (PIV), ONE ID, or Entrust will be the only accepted ways to access the Portal, and if applicable, Spend Analysis/MASL. [Registration for SCMC Portal \(NNSA, EM and Ariba\)](https://fmt.kcp.com/nice/display/itfaq/Registration+for+the+Portal+%28e.g.,+NNSA%2C+EM+and+MASL%29) (<https://fmt.kcp.com/nice/display/itfaq/Registration+for+the+Portal+%28e.g.,+NNSA%2C+EM+and+MASL%29>):

- System compatibility check
- Logging into the portal
- Self-registration (**IMPORTANT: Temporary Admin rights for your PC is necessary to successfully complete this step**)

To begin the process:

- a. open a browser and go to [SKY Portal](https://thesource.energy.gov) (<https://thesource.energy.gov>) It may be necessary to open in IE vs Firefox.
 - b. click on “Sign-in” or “Login”, located at the top, right-hand corner of the page.
 - c. You will be prompted through a few screens to register your credential. **You will need to select “Edit” capability to put suppliers into the MSL or update information for your suppliers in the MSL.**
- If you have any questions, please email your questions to: msslupport@sandia.gov

Self-enrollment:

[Portal Self Enrollment](https://fmt.kcp.com/nice/display/itfaq/Portal+Self+Enrollment) (<https://fmt.kcp.com/nice/display/itfaq/Portal+Self+Enrollment>)

Now that your credential is registered you will need to enroll into the appropriate site on the Portal.

- Return to the SKY Portal, **Sign-In**, and locate the following portlet:

Please make sure that these sites are trusted by the client site.

<https://spaces.kcp.com>

<https://webconf.kcp.com>

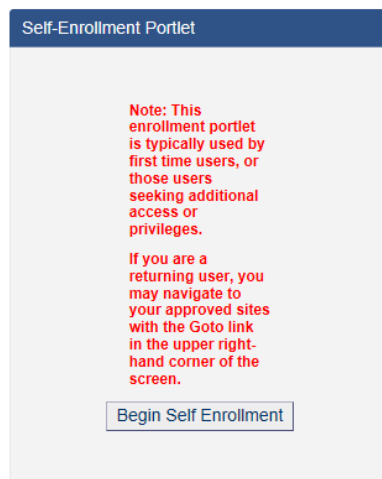

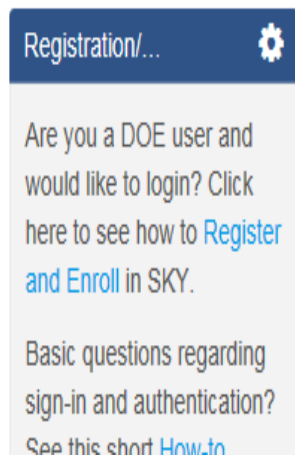

<https://access.kcp.com>

<https://thesource.energy.gov>

Unclassified

- On the resulting screen, locate the following portlet (left-hand side of screen):

Click the button: “Begin Self Enrollment” (if need to, click on the link “How-to Guide”).

- When prompted for "which portal you are requesting access to...," select the desired portal site from the currently available: (EM, NNSA or MSL). You will want to select MSL.
- You will need to select the appropriate EM Contractor, NSE Contractor, Office Of Science Contractor, Other. NSE Contractors are the NNSA Contractors.
- **You will want to select Edit Content** if you are going to be putting suppliers into the MSL or want to view what suppliers are in the MSL.
- Approval by selected site ICR (Information Content Representative, Bill Wingfield, or Vince Grosso for the MSL) will take place and you will be notified by email.

Unclassified

After you have approval to access the MSL: -
Your screen should look like this:

2. First Time Users need to complete 'Register/Enrollment' authentication. Complete the instructions.

Authentication Required

All MSL/SCQWG content requires authentication. Authentication can be attained through the [Register/Enrollment](#) page.

- Users must have either an Entrust credential or and activated PIV credential and known PIN.
- All users must enroll and may be asked to demonstrate a Need to Know (NTK) reason for access.
- Enrollment approval is typically within 24 hours.

Unclassified

3. Once you have accessed/registration confirmed, access the MSL database via the following link on the MSL/SCQWG page:

4. Select MSL Database to be taken directly to the site.

5. If credentials are required, please select **OneID**, **PIV Card** on the Select Certificate screen. This will take you directly to the MSL Database.

Select a sign-on method below
Do not bookmark this page

You have now logged in to the MSL application and the following Home Dashboard will be displayed with supplier information under each heading:

Site Viewer

Export to Excel Clear All Filters Reset Table

Name	Site	Location Info		Commodity	Assessment Standards	Start Date	Expiration Date	Details
		State						
<input type="text"/>	<input type="text"/>	<input type="text"/>		<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	

You are now ready to start using the MSL Database !!

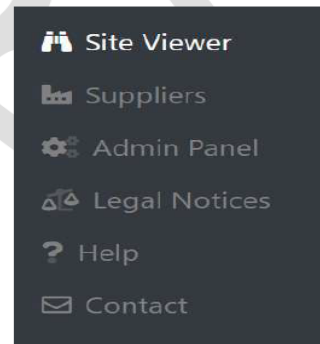

Navigating the Home Dashboard

User Sign-In Verification: All users will see a circle at the top right corner of the page that will have their initials. This is confirmation that you are signed into the site. If you do not see this circle, please contact a Super Site Admin.

MSL Icon: Displays at top left no matter what page you are working in. Clicking on this will return you to the Site Viewer. The three dashes to the left will expand and collapse to show the menu at the left of the page. The default display only shows icons. Expanded the user will see text showing what each icon is for and whichever menu you are in at the time will be highlighted white. ****NOTE: The admin panel is only visible to the Super Site Admins****

- Please use MSL cost avoidance forms to help us identify savings from sharing 3rd party audits.
 - If you have saved \$ by performing a 3rd party review or only sending 1 or 2 person(s) on an audit team vs. a 3 person team, you need to enter into MASL an eForm.
- Any issues with access or use? Email Kristin Bell @ mslsupport@sandia.gov or Bill @ wwingfield@lanl.gov

- The eight (8) NNSA sites have committed to using the MSL
- 7 of the 17 Environmental Management Sites are using the MSL (CHPRC, MSA, WRPS, SRNS, SRR, FRNP & UCOR)
 - 6 of the 17 EM Sites are interested in using the MSL (WIPP, DUF6, ICP, FBP, SST, & CH2WV)
 - 3 of the 17 EM Sites are unsure (N3B, PMA, & Parsons/SWPF)
 - 1 not interested (BNI)
- Of the 10 Office of Science (OOS) sites, 2 are using the MSL (PNNL & BNL)
 - 2 are interested in using the MSL (ORNL, & PPPL)
- The one (1) Nuclear Energy (NE) Unclassified site INL is interested in using the MSL.

Upcoming Conferences / Workshops

Mar 2021 – Apr 2021

Date	Conference Title	Location	Website
3/15 -19/21	NQA-1/10CFR 50 APP B Nuclear QA Lead Auditor Certification Training (Day 1 includes NQA-1:2012/2015 Executive Overview and Interpretation Course.	LMJ International GoToMeeting Online Classroom	http://www.lmarvinjohnson.com/nuclear_quality_assurance_lead_auditor_certification_training.htm
4/5-8/21	NQA-1 Committee Spring 2021 Meeting	Virtual	
4/19-23/21	Nuclear QA Lead Auditor Training on-line live Webinar	Remotely	Chris@kinetixquality.com
4/19-22/21	EFCOG QA & ISM Working Group Spring Meeting	Virtual at your desk. Hosted by LLNL	https://efcog.org/events/qa-ism-subgroups-spring-meeting/
4/20-22/21	EFCOG Safeguards & Security Working Group Meeting	Discovery Hall, PNNL, Richland, WA	https://efcog.org/events/safeguards-security-working-group-meeting-5/
Last week of April or 1st wk of May	WQA Working Group Spring Meeting	TBD

12/21 – 12/25/20 GIDEP Notifications

Subject: GIDEP Suspect Counterfeit Doc's between 21-DEC-2020 and 25-DEC-2020 * * * * * DOC=BEJ-A-21-01

CEDATE=21-DEC-2020 DD=AL Title: SUSPECT COUNTERFEIT, IC OPAMP GP 2 CIRCUIT 8SOIC Abstract: Quantity of 200 pieces were returned to Digi-Key claimed as suspect counterfeit by Tyrco. 200 pieces of MAX407CSA+ was shipped to Tyrco in December of 2018, by Digi-Key, and concern was not reported until April of 2020. Product did not physically return until October 27th, 2020. Product returned physically looks different than existing Maxim stock. This can be common due to design changes over such a length of time, though no design changes were confirmed in this case. (Product returned is 6 years old). Returned product depicted some leads bent, parts scratched/dents/possible burns. Parts look to contain deformities (inconsistent texture). Receipt of product from Tyrco: Parts, packaging, labeling and all other attributes of product returned to Digi-Key are not verified as product Digi-Key has ever stocked, or has ever shipped. Parts returned were in carrier tape, which Digi-Key ships this part in tube. Product arrived in a small, clear, plastic poly bag (not a Digi-Key bag), and without Digi-Key labels. Suspect parts are DC +436. Digi-Key has never received the date code in question +436 from Maxim. This was confirmed via Traceability reporting of Date Codes received into Digi-Key's facility and confirmed by Maxim. Digi-Key does not procure this product from anyone other than Maxim Integrated. This is further confirmed by review of traceability records for shipments to Digi-Key, from Maxim, that neither Maxim or Digi-Key introduced suspect counterfeit parts into the field. December 28, 2020

SME'S ON SUPPLIER AUDITS – Helps with Cost Avoidances & Good Business Practice

DOT Packaging suppliers - If you are doing an audit of a DOT packaging supplier. You need to have a DOT SME along for the audit, or at least an a DOT checklist provided to a QA auditor who has been trained in DOT. It's a good idea to interview the SME to make sure of his qualifications.

Welding programs – If you are doing an audit of a supplier who is doing welding or providing welding materials you need to have a CWI or similar type welding SME.

There may be cases where you need to bring both a DOT and Welding SME. If no specialized welding is required you may not need a Welding SME.

- **12/5/19 S/CI UPDATE News Articles**
- **Publisher:** Lucas White, MSA Inspector Training Program Administrator, Suspect/Counterfeit Items SME & POC 509-376-9407
- **www.fakespot.com**
- **From:** White, Lucas D
- **Sent:** Monday, December 2, 2019 12:14 PM **Subject:** S/CI Awareness
- All,
- With the holidays fast approaching and today being Cyber Monday, many of us are using online shopping websites like Amazon, who utilize third-party sellers. There is a website you can use to help distinguish if the item you're purchasing is legitimate or not.
- The website is www.fakespot.com and is very simple to use.
- Once you find an item you are thinking of purchasing, just copy the URL and paste it into search bar on www.fakespot.com.

- **2/16/21 Gabby Holcomb issued the 1st "Fake News Newsletter"**

- Safety Working Group - Engineering Practices Subgroup EPSG (previously EPWOG) – **Brad Walker of CNS-Y12**; or **Tobin Oruch, LANL, Secr** – Working on best practices for welding for DOE Facilities (whether welders have to be re-qualified when contract ownership changes).
- Supply Chain Management Center – **Paul Biagioli**, Compliance Mgr SCMC
- Packaging Management Council – **John (Woody) Woodbury / Jennifer Burch**
- EFCOG Software QA Task Team – **Vicki Pope / Teri Vincent / Marylou Apodaca**
- EFCOG Policy & Procedures Task Team – **Ben Arrigoni / Bryon Mowlds / John Verderber**
- EFCOG Procurement Engineering Quality – **Spencer Daw / John Hendricks / Richard Pratt**
- NNSA – Jim Winter, **Nate Morley, Jeffrey Winter (Defense Programs)**
- EM-3.113 – **Larry Perkins, Director**
- Office of Science – Some one from forum?
- AU – **Sonya Barnette** (Christian Palay Director of AU-32)
- PSL – Roger Burton / Trish Cavenee
- S/CI – **Gabby Holcomb**
- Others – ???

Task: SC-12-01 – Supply Chain POC List

Project Manager: **Veronica Ballew**

- Action: Comprehensive Supply Chain Quality Site, Site contact, and list of Subject Matter Experts/Points of Contact (POCs) from across the complex.
 - A. This is a living document
 - B. Email updates to: veronica.ballew@wipp.ws
 - C. Status: We went thru and discussed and made changes at the EFCOG QA – Supply Chain WG Fall 2015 Meeting.
 - D. It was agreed that this should be called a POC list vs a SME, and that this list is for the Supply Chain use. Other groups should maintain their own list.
 - E. 2/8/2016 the latest and greatest was transmitted
 - F. **This Task is COMPLETE – (But will be kept up by Veronica)**

The latest and greatest POC List dated 2/26/2020 is posted @:

https://efcog.org/safety/quality-assurance-subgroup/supply-chain-quality-task-group/?drawer=Supply%20Chain%20Quality*Documents

Task: SC-17-02 – MSL Cost Avoidance - How do we get additional eForms added

Project Manager: Bill Wingfield

- Action: Only LLNL, LANL, & Y12 provided cost avoidances in the MASL in 2016. How do we get back to FY 2012 & 2013 figures?
- In the past we had the following cost avoidances:
 - See previous slide
- This new task was discussed at the EFCOG Fall 2016, Spring & Fall 2017, Spring & Fall 2018, and Spring 2019 meetings. One thing that would make it easier is if sites could enter a cost avoidance without being entered on the Project as a team member. Another thought is to modify 3rd party eval forms to remind sites to enter the eForm. Others?
- 3/6/18 per Bob Bailey Y-12, Bonnie Phillips completed uploading \$324,338 of cost avoidances for the past 18 months.
- 4/25/18 need white paper for funding request FY19 to make MASL changes.
- 9/18/18 Bill Wingfield has a list of needed changes to the MASL. These are being worked with the Spend Analysis Replacement (SAR) project being worked by KCP-Honeywell.
- EFCOG Fall 2019 meeting discussed standard templates and figures to get consistent & make it easier to add an eForm.
- As of 8/15/19 SNL performed approximately 20 3rd Party Reviews, or approximately \$280K in Cost Avoidances that have not been added to the MASL. These are not included in the FY 2019 Cost Avoidance \$ identified for 2019.
- As of 3/13/20 there are \$827,593 Cost Avoidances (eForms) in the MASL for FY2019 and \$152,384 for FY2020.

Task: SC-17-03 – DOE EM Single Approved Supplier List

Project Manager: John McDonald

- This new task was discussed at the EFCOG Spring 2017 and Fall 2017 meeting.
- 6/7/17 task start date
- Objective: Provide recommendations to develop and maintain a single list of approved NQA-1 and Commercial Grade suppliers for use at DOE EM facilities. As a minimum, the list should support EM facilities, but may include all of DOE.
- Deliverable: The task Team will provide recommendations to DOE and EFCOG on how to proceed with use of a complex wide EM approved supplier list. The recommendation should address the actions needed to allow contractors to use and maintain the list, contractual considerations, DOE endorsement, procedures, lead auditor certification, and conduct of supplier audits.
- 9/25/17 Final Report Issued.
- 2/13/18 MASL POC list is being populated to show which sites are participating. There are 16 EM sites, 8 NNSA, 10 OOS, and 1 NE site. See the MASL POC list for specifics. Only NTS, SRS, LANL, LLNL, & MSA are actively entering info into the MASL. Only NTS has it in their procedure to update the MASL as this is their ASL.
- 10/4/19 Summary for the 17 DOE EM sites: 6 are using the MASL [SRNS (includes SRR) & MSA, (includes CHPRC & WRPS) & FRNP]; 7 are interested in putting suppliers into the MASL [WIPP-NWP; DUF6-MCS; ICP; SST (1 supplier in MASL); FBP; URS/CH2M; and CH2WV]; 3 unsure [N3B; PMA; Savannah River-Parsons/SWPF]
- 8/2018, EFCOG Safety Working Group Chair along with the SCQWG Chair have created a draft MOU. This MOU was discussed at the Fall 2018 Working Group meeting and Spring 2019 Working Group meeting.
- 7/31/19 the 8 NNSA sites signed a MOU document to agree to use the MASL.
- 9/16/20 Update:
 - 7 of the 17 EM sites are using the MSL (CHPRC, MSA, WRPS, SRNS, SRR, FRNP, & UCOR);
 - 6 of the 17 EM sites are interested in using the MSL (WIPP, DUF6, ICP, FBP, SST, CHBWW)
 - 4 of the 10 OOS sites should be using the MSL. 2 of the 4 are using it: PNNL & BNL; ORNL, & PPPL are interested.
 - 1 NE (INL) site should be using the MSL

Unclassified

Task: SC-18-01 – S/CI Improvement

Project Manager: **Bill** Wingfield

- This new task was discussed at the EFCOG Fall 2017 meeting 6/7/17 task start date
- Task Start Date 11/7/17 12/31/18 Estimated Completion Date
- Objective: S/CI Improvements
- Deliverable: There will be **three (3)** deliverables:
 - 1) DOE O 232.2A revised to address the fact that for legacy items the manufacture/supplier/vendor name is not available even though DOE O 232.2A, Attach 3, Occurrence Report Preparation, states “4. Reports on suspect/counterfeit and defective items or material, must provide..” The DOE Order currently requires the person who reports legacy S/CI to give the name of the supplier and other stuff that is impossible to provide.
 - 2/5/18 sent suggestion to Ashley Ruocco that an Administrative Change be issued to DOE O 232.2A to add words such as: “if available”.
 - 5/16/19 Per Ashley Ruocco, they have this note in the file for next time this DOE Order is up for review. It is not up for review this year. Ashley Ruocco ORPS and OPEX Program Manager, AU-23.
 - 2) COMPLETE - DOE EFCOG members needed a S/CI Clearing House to share information. As of **12/7/2020 the new DOE OPEXShare Launched**
 - S/CI information can be entered into the OPEXShare system that has over 10,000 registered users across the DOE Complex. Users can subscribed to be notified when new content is entered. S/CI information is included in the Quality Assurance Topic that can be selected when setting up the account. New S/CI content can be sent to the site Operating Experience Coordinator for entry into the DOE OPEXShare.
 - <https://opexshare.doe.gov/>
 - 3) DOE O 414.1D Attachment 3, page 2, 2.i, needs to be revised to correct the link: The DOE Order Att 3, page 3, 2.i states: “The organization’s QAP must: Collect, maintain, disseminate, and use the most accurate, up-to-date information on S/CIs and suppliers. Sources are identified on the DOE S/CI website (<http://www.hss.energy.gov/csa/csp/sci/>)” This link does not work. Per DOE O 414.1D, Admin Change 1, 5/8/13 change the link to: <http://www.hss.energy.gov/sesa/corporatesafety/sci/>. However this is not a valid link either. Googling this gives lots of information, but this is not a valid link.
- 2/12/19, per Larry Adkinson, DOE O 414.1D is under revision this is the correct link:
 - <https://energy.gov/ehss/policy-guidance-reports/databases/suspectcounterfeit-and-defective-items>
- 12/7/20 here is the latest S/CI link from Colette Broussard: <https://www.energy.gov/ehss/downloads/suspectcounterfeit-items-awareness-training-manual>
- 2/16/21 Gabby Holcomb issued the 1st “Fake News Newsletter”.

Task: SC-20-02 - MSL User Guide Issued and Published

Project Manager: Kristin Bell

- Action: Issue and publish the MSL User Guide.

The NSE QSWG MASL Project User Guide for Site Administrators was last published 7/2017.

Based on previous task SC-16-01, the MASL user guide was added to MASL @: <https://thesource.energy.gov/ptl/group/MASL/MASL-homepage> and added to the EFCOG QA Supply Chain Quality Docs @: <https://efcog.org/safety/quality-assurance-subgroup/supply-chain-quality-task-group/>. This task SC-16-01 was closed 2/5/2018, and MASL User Guide was updated in 4/2019.

3/13/2020, Kristin Bell, SNL is writing the MSL User Guide.

3/25/20, The MASL was replaced by the MSL. Kristin is working on a MSL User Guide which needs to be issued and published.

12/2/2020 The MSL User Guides are now in the MSL

Click on the Help link on the left for:

Task: SC-20-03 – HEPA Filter Test Facility Rejection

Project Manager: Joe Fulghum

- Action: Work with Sonya Barnett and the FTF to identify actions to help reduce FTF Rejections
- The EFCOG QA SCQWG will help identify ways that we can reduce the rejections of filters at the FTF and during receipt inspections at the sites.
- An analysis of FTF and the manufacturer test reports will help in pin pointing problem areas.
- Upon completion of the activity, a briefing to the Office of Nuclear Safety, AU-30, covering the recommended actions will benefit the DOE-HQ program management of the facility.

Here is the FTF page:

<https://orgex.energy.gov/forums/hepa-filter-poc>

Christian Palay, DOE-HQ supports this task

Task: SC-20-04 – Video Assessments / eAudits / Remote Audits

Project Manager: Amber Romero

- Action: Identify sites using eAssessments

Video Assessment/Audits – A2LA and PSL are performing Virtual assessments. Can we EFCOG implement this?

INPO issued guidance on performing Source Verifications remotely. (CGD Method 2)

DOECAP is performing Remote Audits.

6/17/20, Amber is attempting to do remote video/virtual assessments and will relay the results.

7/24/20 per NIAC Memo:

- **REMOTE AUDITING**

- We (NIAC) continue to receive inquiries regarding “remote audits” from members, as well as suppliers. Since no regulatory basis currently exists, **NIAC does not approve of remote audits**. The initial meeting of the EPRI task group for remote auditing was held last week. A larger than normal team with representation from EPRI, NRC, NEI, NUPIC, ASME, NIAC, and some nuclear suppliers. Discussion was good, but it will take some time to generate useful guidance.
- The NIAC memo goes on to say: As previously noted, **a remote review of programmatic elements and records prior to the site visit could be used to minimize time needed on site, but does not replace the site visit**. Also, NQA-1, Requirement 7, Section 507 *Acceptance of Services Only*, provides some alternatives for accepting services only, in the event that an audit cannot be performed.

LANL’s Elizabeth Grossman developed a Remote audit procedure IQPA-ASO-GU-001 *Remote Assessments and Audits Guide*.

SNL’s Dennis Owens has a Remote Assessment procedure.

SRNS’ Joe Fulghum sent request to NQA-1 committee for clarification.

EPRI has a Remote Guidance document **EPRI3002019436** issued 4/30/20

Task: SC-20-04 – Video Assessments / eAudits (Continued)

Project Manager: Amber Romero

- **Action: Identify sites using eAssessments**

- 9/16/20 Per Amber, here is the guidance from ISO on remote audits:

- https://committee.iso.org/files/live/sites/tc176/files/documents/ISO%209001%20Auditing%20Practices%20Group%20docs/Auditing%20General/APG-Remote_Audits.pdf

- Note that ISO says that the Audit Program Manager selects the methods for effectively conducting the audit.

- Consider the purpose and scope of each audit to decide whether remote techniques will be effective for an assessment. Audit planning will (and should) take longer for remotely conducted assessments. Of course parties must agree that remote aspects will achieve the audit objectives.

- Critical to know and trust, and test beforehand, the technology that will be used. Don't allow remote techniques to compromise data protection or confidentiality. Ensure the interviewee is able to share their screen to demonstrate evidence documents. Build flexibility into audit schedule to accommodate potential downtime due to connectivity issues.

- Ensure agreement in place with the vendor regarding any recording or images, including images of individuals (discouraged). Ensure authorization is in writing if this is needed.

- Closing meeting: may want to push closing meeting out farther to allow auditors not working physically together to adequately collaborate and discuss findings/results.

9/16/20 per Dan Dilly SNL's Site Office, they do NOT believe that Remote Audits could take the place of an on-site.

11/11/20 Amber Romero discussed these options at the Remote Fall 2020 SCQWG web-ex.

Task: SC-20-04 – Video Assessments / eAudits (Continued)

Project Manager: Amber Romero

- Action: Identify sites using eAssessments

- 9/16/20 Per Amber, here is the guidance from ISO on remote audits:

- https://committee.iso.org/files/live/sites/tc176/files/documents/ISO%209001%20Auditing%20Practices%20Group%20docs/Auditing%20General/APG-Remote_Audits.pdf

- Note that ISO says that the Audit Program Manager selects the methods for effectively conducting the audit.

11/11/20 Joe Fulghum suggested developing list of Lessons Learned:

- Know what previous issues were identified.

12/1/20 ORNL has sent out a brainstorming request to ORNL personnel re: Virtual Assessments. Response is due 12/8/2020.

12/8/2020 Per Christian Palay, DOE-HQ is hosting a web-ex for DOE personnel evaluate allowing contractors to perform remote audits. Joe Fulghum, SRS & Jim Ziemba, NQA-1 are invited to make presentations.

2/17/21 per Dennis Owen, and Joe Fulghum SNL and SRS are going down the path of performing Remote audits in lieu of on-site, primarily for existing suppliers. Per Joe, taking it to their Field Office.

2/1/21 per Amber, International Accreditation Forum (IAF) also issued IAF MD 4:2018, Issued 7/4/18 IAF Mandatory Document for the Use of Information and Communication Technology (ICT) for Auditing/Assessment Purposes, located at <https://www.iaf.nu/upFiles/IAF%20MD4%20Issue%202%2003072018.pdf>

2/17/21 Per Amber, if the supplier performing good internal audits these could be further proof to assist with the eAudit..

CAUTION: IF YOU PERFORM A REMOTE AUDIT YOUR AUDIT REPORT NEEDS TO STATE THIS!!!

Task: SC-21-01 – Expand Nuclear Security Enterprise (NSE Supply)
Base

Project Manager: Dennis Owens, Lydia Ellis

- Action: ????
- Goal: increase the number of NSE shared suppliers from 11% to 30% by FY 25.
- POC: Dennis Owens, Lydia Torres

At the last EFCOG – SCQWG Meeting at Y-12, Oct 2019 Dennis Owens suggested a task to identify those NNSA Suppliers that are common suppliers.

Working with the SCMC to come up with a way increasing our supply base.

Per Dennis, KCNSC & SNL Task force to look at commodities and suppliers that may not be listed in the MSL.

Task: SC-21-02 – MSL talks to the sites' ASL

Project Manager: Dennis Owens, Lydia Ellis, Dave Hebert & Kristin Bell

DOE Laison: Jeffrey Winter

- Action: ?????
- Goal: Reprogram a site's ASL so that it interfaces with the MSL so that if someone updates their ASL it automatically updates the MSL. 
- Note: We previously tried this when the MASL prior to implementing the MSL. This was put in the Too Hard File at the time as KCNSC was busy reprogramming the MASL to the MSL.
- Per Dennis Owens of SNL and Laura Valdez, CNS could not do this.
- **If your site wants to beta test this, let Bill know.**

• POC: Dave Hebert

Task: Potential Task SC-21-03 – DOE MOA to use the MSL

Project Manager: Bill Wingfield

DOE Laison: Jeffrey Winter

- Action: ????
- Goal: Issue a DOE MOA to get all DOE sites to use the MSL.
- POC: ???,

Task: Potential Task SC-21-04 – NIAC Checklist Rev

Project Manager: Joe Fulghum

DOE Liaison: ?????

Goal: Draft Rev 4 of NIAC Standard Checklist and send it to Katrina Anderson
NIAC Procedures / Checklist Chair katrina.Anderson@aecom.com

- Action: the revision will have to be approved by the NIAC membership and we will not be repeating requirements or just restating the NQA-1 requirement.
- 3/2021, per Mike Dunkelberger NIAC Chairman, many of the requirements listed in the EFCOG Supplemental checklist are already addressed in the NIAC Standard Checklist. For example, when I look at the Section for NQA-1 Requirement 15, I see more words, but the requirements are already addressed in NIAC Checklist Section 1.B.1 and 1.B.2. Almost everything stated for NQA-1 Requirement 12 is already addressed in NIAC Checklist Section 8. The requirements listed for NQA-1 Requirement 4 are already addressed in NIAC Checklist Section 3.2. We don't want the checklist to be repetitive, and I don't think a majority of NIAC members are willing to accept a checklist that simply copies and pastes the requirements from NQA-1.
-
- Also, the requirements for configuration management of an operating facility, only apply to an operating facility. We could include those requirements in the NIAC Checklist. However, I think they would be N/A for almost all supplier audit performed by a NIAC member.
- **3/11/2021 Katrina provided a word version of Rev 3 of the Standard NIAC Checklist to Bill and Joe.**

(As of Mar 2020)

- Proposed additions to NAP-24B (401.1A)
 - Attachment 5 M&TE requirements (will be R028 NNSA Metrology Program)
 - Attachment 6 Supplier Quality Requirements (will be added to R013 Control Supply Chain)
 - R013 will have 2 attachments: Attachment A will be the requirements for M&O Contractors and Attachment B is Supplier Requirements.

 - 7/9/2020, Per Andi Rainer,
 - NAP-24A was changed to NAP-401.1 on 10/1/19. Content was the same, only the number was changed.
 - The Weapon Quality Division, NA-121.3 is in the process of revising NAP-401.1. The revised version NAP-401.1A (previously called NAP-24B) is in RevCom. The intent is that NAP-401.1A will be released at the same time as R013 and R028 are released.

- Does your site include Suspect/Counterfeit Item (S/CI) Prevention Lines of Inquiry (LOIs) in your checklists?
 - If not you should add S/CI LOIs to your checklists.
 - The main thing we should be asking our suppliers, is if they find a suspect/counterfeit item do they hold it for investigation (by the IG) or return it to the supplier?
 - DOE O 414.1D “Quality Assurance” is trying make sure S/CI items do NOT get back into the supply chain and offenders are prosecuted.
- See DOE Handbook Suspect/Counterfeit Items Resource Handbook DOE-HDBK-1221-2016 August 2016, Change 1, effective Jan 2017).

Who is Eligible to Grant ISO 9001 Certification?

- So who is eligible to grant ISO 9001 certification? Many people assume that ISO grants certification, but in fact, this is not true, instead, a registrar or certification body (CB) will be the one to grant certification (Read: [Who is ISO?](#)). When choosing a registrar a supplier should make sure that they are accredited. They should be a member of the International Accreditation Forum (IAF), and additionally need to be ISO/IEC 17021:2015 certified.
- One of these standards is [ISO/IEC 17021:2015 Conformity assessment “Requirements for bodies providing audit and certification of management systems”](#), which in effect stipulates the requirements for Registrars who certify organizations to ISO management standards like ISO 9001, ISO 14001, etc.
- People often say “[ISO Certified](#)” but ISO does not issue certificates or certify individual companies to any standard. So who can Grant ISO 9001 Certification? They are issued by certification/registration bodies (also called Registrars or CB’s), which are independent of ISO. CB’s need to be accredited by an IAF member to be internationally recognized.
- [ISO/IEC 17021](#) ensures international acceptance of the CB’s certifications (i.e. your ISO 9001:2008 certificate) by requiring that all Accreditation bodies ([ANAB](#), etc.) belong to an internationally accredited organization, like the [IAF](#). Likewise, the IAF ensures that CB’s comply with ISO/IEC 17021.
- Some Quality System Registrars are not accredited by IAF, and thus are not meeting [ISO 17021](#) — and **will not be internationally recognized**. Make sure that you [choose a Registrar](#) who is accredited by an [IAF member](#) (ANAB or the equivalent of ANAB in your country or region).
- When you receive your registration certificate, it should display the ANAB and the IAF logos and unfortunately, without them, you are not officially ISO 9001 certified.

Recent Complex Organizational Moves!!

Dr. David Bowman is Manager Nevada Field Office & Laura Tomlinson is serving as the acting Nevada Field Office Deputy Mgr.

1/14/21, Colette Broussard, DOE-HQ AU-23 announced that Gabby Holcolmb has been selected as the new AU-23 S/CI Working Group Lead since Larry Adkinson retired in Dec 2019. CONGRATS to Gabby.

Colette hosted the last Monthly DOE Contractor S/CI Working Group web-ex meeting 1/19/21. Gabby hosted the next S/CI Working Group meeting on Tues 2/16/21.

Recent Complex Organizational Moves!!

- **Cincinnati** – 5/14/20, U.S. DOE awarded the Hanford Tank Closure Contract (TCC) that will provide a variety of services at the Hanford Site in Richland, Washington, to Hanford Works Restoration, LLC, located in Lynchburg, Virginia. The Hanford Works Restoration members are BWXT Technical Services Group, Inc. (Lynchburg, Virginia), Fluor Federal Services, Inc. (Greenville, South Carolina), INTERA, Inc. (Austin, Texas), and DBD, Inc. (Richland, Washington). This is an Indefinite Delivery Indefinite Quantity (IDIQ) contract under which firm-fixed-price and/or cost reimbursement task orders may be issued. The total estimated value of the contract is up to approximately \$13 billion over a 10-year ordering period.
- The contractor will perform these services under task orders issued off the master IDIQ contract. Firm-fixed-price and/or cost reimbursement task orders may be issued under the contract. The solicitation for this contract used the new End State Contracting Model that the DOE Office of Environmental Management expects will significantly reduce risk and environmental liability to provide the best overall solution for the accelerated completion and closure of the Hanford Site.
- Additional information is available via the procurement website at <https://www.emcbc.doe.gov/SEB/TCC/>.

Recent Complex Organizational Moves!!

N3B LANL – Stoller Newport News Nuclear & BWXT (N3B) - Los Alamos w/ Subcontractors Longenecker & Associates, Inc. (L&A) and Tech2 Solutions (T2S) Wins \$1.4B LANL Award - EM program to monitor contaminated water systems, D&D contaminated buildings, clean up soiled lands, and ship mixed, low level & transuranic radioactive waste at LANL in Mar 2018. Scott Hobbs, is the new N3B Quality Assurance Program Director starting 10/2019. <http://n3b-la.com/>

Mission Support and Test Services, LLC (MSTS) - a joint venture with Honeywell International, and equity partners Jacobs Engineering, and Stoller Newport News Nuclear Inc. (SN3), a part of Huntington Ingalls Industries Technical Solutions division.

- Beginning Dec. 1, 2017, MSTS is the new M&O contractor for the **Nevada National Security Site (NNSS)**.

Triad National Security, LLC – 6/6/18, NNSA announced award of contract valued at \$2.5B/yr of Battelle Memorial Institute, the Regents of the University of CA, and the Regents of Texas A&M University the M&O contract for LANL. Fluor Federal Services, Huntington Ingalls Industries/Stoller Newport News, Longenecker & Assoc, TechSource, Strategic Management Solutions and Merrick & Co. will support Triad National Security, LLC. LANS contract expires 9/30/18 will be extended to allow for a full 4 month transition period. 7/9/18 NNSA issued notice to proceed with Transition. 11/1/18 Triad took over LANL.

Hanford Mission Integration Solutions (HMIS) - replaces Mission Support Alliance (MSA) at Hanford is a single purpose entity composed of Leidos, Centerra, and Parsons. (Dec 2020)

Future EFCOG ISM & QA Working Group Meetings

- Spring 2019 EFCOG ISM & QA Working Group Meeting was at ORNL, 5/6-10/2019
- Fall 2019 EFCOG ISM & QA Working Group Meeting – was at Y12, 10/28 – 31/2019
- Spring EFCOG QA 2020 meeting at SNL, 3/30-4/2/2020 – CANCELLED (COVID-19)
- Spring EFCOG ISM 2020 meeting at PTX, 4/20-23/2020 – CANCELLED (COVID-19)
- EFCOG ISM & QA Fall 2020 meeting was held remotely, 11/9 – 11/12/2020
- EFCOG ISM & QA Spring 2021 meeting hosted virtually by PNNL, dates 4/19-22/21 (NQA-1 Meets 4/5-8/21 (1st week) and Weapons QA meets last week of Apr or 1st week of May can't conflict.)
