

EFCOG Supply Chain Quality Community of Practice (CoP) Conference Call Dec 21, 2022

Vince Grosso
Quality Assurance Technical Team Chair
William R Wingfield
Supply Chain Quality Task Team Chair
Amber Romero
Supply Chain Quality Task Team Vice Chair
Kristin Bell
Supply Chain Quality Secretary

Unclassified

Overview

- 1. MSL Supplier Database access**
- 2. Upcoming Conferences / Workshops**
- 3. Industry / Supplier Issues**
- 4. Interface Representative Updates**
- 5. EFCOG Safety Working Group**
- 6. Supply Chain Project Updates**
- 7. Audit Opportunities Update**
- 8. Old / New Business**
- 9. Discussion & Close Out**

- I suggest you call in on your phones vs using the computer mics.
- If attending the meeting on both (phone & computer), please be sure one is muted when talking to eliminate feedback.
- Please mute your phones
 - Press *6 to unmute your phones.
- Please mute the microphones on your computer
 - You may have to unmute your computer.

History

Sun 3/22/20 the MASL was deactivated. Wed 3/25/20, the MSL launched replacing MASL.

Registration (Step 1 - Must be completed first):

Required Credentials: You must possess one of two types of credential (PIV or OneID). PIV is the preferred method, OneID is available for those sites that have adopted. Your local Help Desk will be able to assist you in identifying what options are available and obtain the appropriate credential only They do not support MSL.

- After attaining a credential, you are ready to register it with the Portal site. PIV (with activated credential and PIN for virtual authentication) and OneID will be the only accepted ways to access the Portal

Registration Process:

- Open a browser and go to **SKY Portal (<https://thesource.energy.gov>)**
- Click on "Sign In", located at the top, right-hand corner of the page.
- You will be prompted through a few screens to register your credential

For question or user guides, email : mslsupport@sandia.gov

Authentication Required

All MSL/SCQWG content requires authentication. Authentication can be attained through the [Register/Enrollment](#) page.

- Users must have either an Entrust credential or and activated PIV credential and known PIN.
- All users must enroll and may be asked to demonstrate a Need to Know (NTK) reason for access.
- Enrollment approval is typically within 24 hours.

Unclassified

Self-enrollment: (Step 2 –Step 1 MUST be completed first):

Now that your credential is registered you will need to enroll into the appropriate site on the Portal.

- Return to the SKY Portal (URL above), **Sign-In**, and locate the following portlet new the top right corner of the screen - Figure 1:
- On the resulting screen, locate the following portlet (left-hand side of screen) – Figure 2:
 - Click the button: “Begin Self Enrollment” (if need to, click on the link “How-to Guide”).
- When prompted for "which portal you are requesting access to...," select the desired portal site from the currently available: (EM, NNSA or MSL). You will want to select MSL.
- You will need to select the appropriate EM Contractor, NSE Contractor, Office Of Science Contractor, Other. NSE Contractors are the NNSA Contractors.
- **You will want to select Edit Content** if you are going to be putting suppliers into the MSL or want to view what suppliers are in the MSL.
- Approval by selected site ICR (Information Content Representative - Bill Wingfield, or Vince Grosso for the MSL) will take place and you will be notified by email.

Figure 1

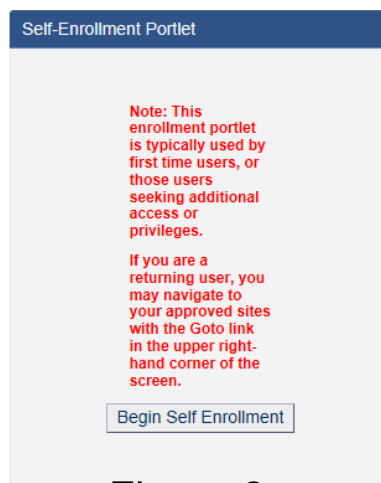

Figure 2

Use the site <https://msl.kcnsc.doe.gov> after registered or access through SKY Portal

Once you have accessed/registration confirmed, access the MSL database via the following link on the MSL/SCQWG page:

Select MSL Database to be taken directly to the site.

5. If credentials are required, please select **OneID, PIV Card** on the Select Certificate screen. This will take you directly to the MSL Database.

Select a sign-on method below
Do not bookmark this page

Navigating the Home Dashboard

User Sign-In Verification: All users will see a circle at the top right corner of the page that will have their initials. This is confirmation that you are signed into the site. If you do not see this circle, please contact a Super Site Admin.

MSL Icon: Displays at top left no matter what page you are working in. Clicking on this will return you to the Site Viewer. The three dashes to the left will expand and collapse to show the menu at the left of the page. The default display only shows icons. Expanded the user will see text showing what each icon is for and whichever menu you are in at the time will be highlighted white. ****NOTE: The admin panel is only visible to the Super Site Admins****

12/6/2021 Update to MSL deployed

Changes:

- Added Auto Generated Avoidance Title feature.
- Added notice that the title is generated when creating an Avoidance.
- Added tooltip to Title on Edit Avoidance explaining generated title option.
- Added Assessment Start Date to Assessments listed on a Supplier Details Pages.
- Removed Status from Supplier pages.
- Fixed Delete Avoidance to be available for Admin Users.
- Various other small adjustments to User interface.

- Please use MSL cost avoidance feature to help us identify savings from sharing 3rd party audits.
 - If you have saved \$ by performing a 3rd party review or only sending 1 or 2 person(s) on an audit team vs. a 3 person team, you need to enter a cost avoidance in MSL.
- Any issues with access or use?
 - Email Kristin Bell @ mslsupport@sandia.gov or Bill @ wwingfield@lanl.gov
- The eight (8) NNSA sites have committed to using the MSL (CNS-PTX, CNS-Y12, KCNSC, LLNL, LANL, NNSS, SNL, SRS)
- 8 of the 17 Environmental Management Sites are using the MSL (CHPRC (now CPCco), MSA (now HMIS), WRPS, SRNS, SRR, FRNP, UCOR & SST)
 - 5 of the 17 EM Sites are interested in using the MSL (WIPP, DUF6, ICP, FBP, & CH2WV)
 - 3 of the 17 EM Sites are unsure (N3B, PMA, & Parsons/SWPF)
 - 1 not interested (BNI)
- Of the 10 Office of Science (OOS) sites, 2 are using the MSL (PNNL & BNL)
 - 2 are interested in using the MSL (ORNL, & PPPL)
- The one (1) Nuclear Energy (NE) site INL is using the MSL.

SME'S ON SUPPLIER AUDITS – Helps with Cost Avoidances & Good Business Practice

DOT Packaging suppliers - If you are doing an audit of a DOT packaging supplier. You need to have a DOT SME along for the audit, or at least an a DOT checklist provided to a QA auditor who has been trained in DOT. It's a good idea to interview the SME to make sure of his qualifications.

Welding programs – If you are doing an audit of a supplier who is doing welding or providing welding materials you need to have a CWI or similar type welding SME.

There may be cases where you need to bring both a DOT and Welding SME. If no specialized welding is required you may not need a Welding SME.

- **GIDEP S/CI Issues:** between 07-NOV-2022 and 11-NOV-2022

Subject: GIDEP Suspect Counterfeit Doc's between 07-NOV-2022 and 11-NOV-2022 * * * * * DOC=AAN-U-23-066 CEDATE=10-NOV-2022 DD=AN

Title: DEFECTIVE MATERIAL NOTICE: BATTERY, NONRECHARGABLE - COUNTERFEIT BATTERY, CRITICAL APPLICATION ITEM Abstract:

SUPPLIER: Industrial Equipment and Supply Company, LLC (IESC) CAGE CODE: 35ZB3 NSN: 6135-01-358-7471 P/N LS14500 Industrial Equipment and Supply Company, LLC (IESC) and its principals, have agreed to pay a sum of money to resolve allegations that they violated the False Claims Act by selling counterfeit batteries to the federal government on a contract. IESC stated they would comply with the Buy American Act and supply domestically manufactured batteries. IESC procured the batteries from a Singapore supplier and failed to verify that the supplier was an authorized SAFT America distributor.

DLA distributed the batteries throughout its supply system, and later received reports that the batteries caused military equipment failures because the dimensions of the batteries were incorrect. SAFT America informed DLA that the batteries were counterfeit. DLA previously reported this subject on AAN-L-21-011. November 14, 2022

- **GIDEP S/CI Issues:** between 31-OCT-2022 and 04-NOV-2022

Subject: GIDEP Suspect Counterfeit Doc's between 31-OCT-2022 and 04-NOV-2022 * * * * * DOC=E5Z-A-23-01 CEDATE=03-NOV-2022 DD=AL Title: SUSPECT COUNTERFEIT, DIODE MODULE

Abstract: We received 116 units of the above device. This is NOT an integrated circuit where advanced counterfeit detection steps (microscopy, solvents, surface abrasion, XRF, X-Ray, Decapsulation, etc.) can be incorporated. Inspection was limited to external visual and mechanical. Devices were shipped as follows: 16 units on 9/22/2021 100 units on 10/14/2021 In July 2022 we were notified by our customer that 8 units burnt as 690 Voltage test. The internal architecture was compared to a known good device and does not match. Product is considered suspect. November 7, 2022.

Air Force Fatal Fighter Jet Crash in 2020 may be due to counterfeit parts:

An Air Force investigation of a fatal fighter jet crash in 2020 quietly discovered that key components of the pilot's ejection seat may have been counterfeit, Air Force Times has learned.

First Lt. David Schmitz, an F-16 Fighting Falcon pilot at South Carolina's Shaw Air Force Base, died June 30, 2020, when his ejection seat malfunctioned as he tried to escape from a failed nighttime landing. He was 32.

The Air Force's official inquiry in the months following the accident found that electronics inside the seat were scratched, unevenly sanded and showed otherwise shoddy craftsmanship.

That raised red flags at the Air Force Research Laboratory, which called for a closer look to confirm whether the pieces were fraudulent, according to previously unreported slides provided to Air Force Times. It's unclear whether that question was ever answered.

While the Air Force suspected parts of the seat were counterfeit, it buried the information in a nonpublic section of its accident investigation report.

Those details have come to light in a federal civil lawsuit filed by Schmitz's widow, Valerie, who is suing three defense companies for negligence and misleading the Air Force about the safety of their products.

Idaho National Laboratory, Advanced Test Reactor

NE-ID--BEA-ATR-2022-0012 - Suspect/Counterfeit (S/CI) Fasteners Discovered on Plant Protective System B and C Battery Racks - (Reporting Level L)

On August 9, 2022, during an inspection of the four Plant Protective System (PPS) batteries and battery racks, suspect/counterfeit (S/CI) fasteners were discovered on PPS-B and C battery racks. PPS-B had one suspect fastener and PPS-C had two suspect fasteners. The PPS battery racks are required to withstand a design basis seismic event. The PPS batteries were not required to be operable at the time of discovery. The items were deemed suspect/counterfeit or defective because Part Number 80449 did not have a model number, no headmarking was shown per list or how the item/material is being used to ensure the structural integrity of the battery rack during a seismic event is maintained, and no identification of any resulting consequences was indicated. Appropriate levels of Battelle Energy Alliance Management and the Department of Energy Facility Representative were notified of this discovery.

- Safety Working Group - Engineering Practices Subgroup EPSG (previously EPWOG) – Grant Ryan Hanford Mission Integration Solutions (HMIS); or Julie Minton-Hughes, Vice Chair, Fluor-BWXT Portsmouth; Tobin Oruch, LANL, Sec – Working on best practices for welding for DOE Facilities (whether welders have to be re-qualified when contract ownership changes).
- Supply Chain Management Center – Marilyn Ferguson, Compliance Mgr SCMC
- Packaging Management Council – John (Woody) Woodbury / **Stephen McGaughey**
- EFCOG Software QA Task Team – Christy Renner, Teri Vincent / Carol Olijar
- EFCOG Policy & Procedures Task Team – Robin Dillman / Jessica Yockers, / John Verderber
- EFCOG Procurement Engineering Quality – Spencer Daw / John Hendricks / Sandra Schindler
- NNSA – Jim Winter, Nate Morley NA-ESH-22 Nuclear Operations Division
- EM-3.113 EM QA – Joanne Lorence, Director replaced Larry Perkins
- Office of Science – Some one from forum?
- EHS – Garrett Smith - Director EHS & EFCOG DOE Liaison/Rep
- PSL – Roger Burton
- S/CI – Gabby Holcomb
- Others – ???

- EFCOG Safety Working Group Organizational Structure
 - Jan Preston (Fluor) – Working Group Chair
 - Bill Mairson, (LANL) – Working Group Vice-Chair
 - Frances Alston, (BWXT) – Working Group Secretary
 - Garrett Smith EFCOG - DOE Liaison
 - Michael K. Lempke, EFCOG Chair, Huntington Ingalls Industries (HII)
 - Sandra Fairchild, EFCOG Vice Chair, Savannah River Remediation LLC & WRPS Director Project Services and Support Mgr
 - Kelly Beierschmitt, EFCOG Vice Chair Elect, LANL Deputy Dir of Operations

- SWG Technical Subgroup Chairs
 - Nuclear and Facility Safety Subgroup
 - Jeff Buczek, Chair, Tihn Tran, Alyssa Kersting
 - Regulatory and Enforcement Technical Subgroup
 - Kathy Brack, Co-Chair - kathy.brack@cns.doe.gov; Barry Thom, Co-Chair; Anthony Pierpoint, DOE Office of Enforcement, Sponsor.
 - Integrated Safety Management [Safety Culture, Work Planning & Control, & Human Performance Improvement (HPI)]
 - 6/2022, Tim McEvoy replaced Darlene Murdoch who stepped down as Chair of the ISM Subgroup. Tim McEvoy (CNS) - Chair and Jim Coy (LANL) - Vice Chair of the ISM Subgroup; Sponsor - Kevin Dressman, the Director of the DO Office of Health & Safety (EHSS-10)
 - Human Performance Improvement (HPI) Mike Petrowski - LANL
 - Safety Culture – Davyda Hammond, ORAU; Adriene King - RL
 - Work Planning & Control – Bruce Stuart – Amentum
 - Contractor Assurance System (CAS) New Chair Mike Peloquin; Vice-Chair Norm Barker – norm.barker@atkinsglobals.com; Kristen Rubino BNL Vice-Chair & Tyson Olson INL Vice-Chair; TBD Secretary; Mike Beckenbile (RL, DOE POC)
 - Quality Assurance (P&P, SQA, SCQWG & Procurement Engr)
 - Vince Grosso, Chair - grossovj@nv.doe.gov; Matt Alt, Vice-Chair – Matthew.alt@cns.doe.gov; Michael Russell Secretary
 - P&P Robin Dillman, Chair – SRS, Jessica Yockers, SNL Vice Chair, John Verderber
 - SQA – Teri Vincent, Co-Chair, – ANL; Cristy Renner, Co-Chair; Carol Olijar Secretary
 - Procurement Engr – Spencer Daw, Chair – INL; John Hendricks Vice Chair Curtis Wright / Sandra Schindler Secretary - SNL
 - Sustainability and Environment
 - Catherine Hurley, Chair; Suzanne Belmont
 - Engineering Practices
 - Grant Ryan Hanford Mission Integration Solutions (HMIS); Julie Minton-Hughes, Vice Chair, Fluor-BWXT Portsmouth; Tobin Oruch, LANL Secretary
 - Worker Safety & Health (Rad Protection, Electrical Safety, Laser Safety, Industrial Hygiene & Safety, & Occupational Medicine)
 - Mary Flora, Chair ; Dina Siegel, Mark Brynildson

Task: SC-17-03 – DOE EM Single Approved Supplier List

Project Manager: John McDonald

- This new task was discussed at the EFCOG Spring 2017 and Fall 2017 meeting.
- 6/7/17 task start date
- Objective: Provide recommendations to develop and maintain a single list of approved NQA-1 and Commercial Grade suppliers for use at DOE EM facilities. As a minimum, the list should support EM facilities, but may include all of DOE.
- Deliverable: The task Team will provide recommendations to DOE and EFCOG on how to proceed with use of a complex wide EM approved supplier list. The recommendation should address the actions needed to allow contractors to use and maintain the list, contractual considerations, DOE endorsement, procedures, lead auditor certification, and conduct of supplier audits.
- 9/25/17 Final Report Issued.
- 2/13/18 MASL POC list is being populated to show which sites are participating. There are 16 EM sites, 8 NNSA, 10 OOS, and 1 NE site. See the MASL POC list for specifics. Only NTS, SRS, LANL, LLNL, & MSA are actively entering info into the MASL. Only NTS has it in their procedure to update the MASL as this is their ASL.
- 10/4/19 Summary for the 17 DOE EM sites: 6 are using the MASL [SRNS (includes SRR) & MSA (now HMIS), (includes CHPRC & WRPS) & FRNP] ; 7 are interested in putting suppliers into the MASL [WIPP-NWP; DUF6-MCS; ICP; SST (1 supplier in MASL); FBP; URS/CH2M; and CH2WV]; 3 unsure [N3B; PMA; Savannah River-Parsons/SWPF]
- 8/2018, EFCOG Safety Working Group Chair along with the SCQWG Chair have created a draft MOU. This MOU was discussed at the Fall 2018 Working Group meeting and Spring 2019 Working Group meeting.
- 7/31/19 the 8 NNSA sites signed a MOU document to agree to use the MASL.
- 3/30/22 Update:
 - 9 of the 17 EM sites are using the MSL (CHPRC now CPCco), HMIS, HLMI, WRPS, SRNS, SRR, FRNP, UCOR, SST);
 - 5 of the 17 EM sites are interested in using the MSL (WIPP, DUF6, ICP, FBP, & CHBWW)
 - 2 of the 10 OOS sites are using the MSL (BNL & PNNL)
 - 2 other of the 10 OOS sites should be using the MSL. (ORNL, & PPPL are interested.)
 - 1 NE (INL) site is now using the MSL

Unclassified

Task: SC-21-01 – Expand NNSA, DOE EM, & DOE Office Of Science (OOS) Shared Supply Base

Project Manager: Bill Wingfield

- Action: ????
- Goal: Increase the number of shared suppliers.
- POC: TBD
- 10/20/21 EFCOG SCQWG October Web-ex it was decided to change this Task from the Expand the NSE Supply Base to Expand the NNSA, DOE-EM, & DOE OOS supply base.
- Listed below are groups working (other than us in SCQWG) on improving the Supply Chain:
 - 6/9/21 - The NSE Share Supplier Assessment Working group started by Greg Hilgenkamp, KCNSC & Stefan Komarek, KCNSC; meeting every other Wed(s) 2:00pm EST.
 - Dennis Emmert, Office of Strategic Planning and Analysis (NA-183), Defense Programs, NNSA, Industrial Based Efforts to improve the Supply Chain met with the NSE Shared Supplier group on 8/25/21.
 - Amy Lientz, INL, & Jason Eaton, CNS-Y12 & Pantex started a Supply Chain Task with an EFCOG SCRMM Subgroup to address Presidential Executive Orders (#13817, 12/27 and #14017, 2/21). This is part of a new EFCOG Supply Chain Working Group lead by John Robinson.
 - EFCOG Glove Box Acquisition Improvement – John Longenecker, Mark Edelson, Bill Stephens, & Dave Olson's request, LANL & SRS are meeting to share information on glovebox suppliers. Last meeting was 10/05. Roland Chreiten (SRNS Capital Projects QA Manager) and Dana De Santos (LANL-Institutional Quality (Acting) Group Leader) are steering the QA changes.

Task: Potential Task SC-21-04 – NIAC Checklist Rev

Project Manager: Brent Shealy, Jim White, & Mark Ryan

DOE Liaison: Garrett Smith

Goal: Draft Rev 4 of NIAC Standard Checklist and send it to Katrina Anderson
NIAC Procedures / Checklist Chair katrina.Anderson@aecom.com

- Action: the revision will have to be approved by the NIAC membership and we will not be repeating requirements or just restating the NQA-1 requirement.
- 3/2021, per Mike Dunkelberger NIAC Chairman, many of the requirements listed in the EFCOG Supplemental checklist are already addressed in the NIAC Standard Checklist. For example, when I look at the Section for NQA-1 Requirement 15, I see more words, but the requirements are already addressed in NIAC Checklist Section 1.B.1 and 1.B.2. Almost everything stated for NQA-1 Requirement 12 is already addressed in NIAC Checklist Section 8. The requirements listed for NQA-1 Requirement 4 are already addressed in NIAC Checklist Section 3.2. We don't want the checklist to be repetitive, and I don't think a majority of NIAC members are willing to accept a checklist that simply copies and pastes the requirements from NQA-1.
- Also, the requirements for configuration management of an operating facility, only apply to an operating facility. We could include those requirements in the NIAC Checklist. However, I think they would be N/A for almost any Supplier audit performed by a NIAC member.
- 7/22/2021 Bill provided a word version of Rev 4 of the NIAC STD Checklist to Jim White, along with the gap analysis performed by Turk.
- 10/19/2021 Aaron Kramer provided comments to Jim White's proposed revision.
- 12/13/21 Comments were due to Jim White
- 1/15/2022 NIAC Checklist (proposed Rev 5) with NQA-1 requirements submitted to NIAC committee for consideration.
- 11/10/2022 the NIAC voted on and approved the Rev 5 of the NIAC Checklist
- 11/18/2022 this Task is now CLOSED.

Unclassified

Task: Potential Task SC-21-04 – NIAC Checklist Rev

Project Manager: Brent Shealy, Jim White, & Mark Ryan

DOE Liaison: Garrett Smith

Goal: Draft Proposed Rev 5 of NIAC Standard Checklist and send it to Katrina Anderson NIAC Procedures / Checklist Chair katrina.Anderson@aecom.com

The DOE sites that are NIAC members are:

- NWP Veronica Ballew & Jason Mayse
- UCOR Paula Sellers & Carl Wilkey
- CNS-PTX Scott Weaver & Steve Solis
- CNS-Y-12 Stephen Sands Jr & Jack Payton
- LANL Kim Duran & Tione Erdrich
- NNSS Vince Grosso & Aaron Kramer
- SRS Jim White & Mark Ryan
- ORNL Dave Shuter & Michael Houston
- INL – Christian Grebstad & Mathew Young
- DUF6 – Tom Taulbee & Jarred Grooms

Task: New Task SC-22-01 – SCQWG & FAQ Webpage managed

Project Manager(s): **Alonzo Simon**, Jason Mayse & Kristi Haataja (Co-managers)

DOE Liaison: Garrett Smith

Goal:

1) Update the SCQWG web page at: <https://efcog.org/safety/quality-assurance-subgroup/supply-chain-quality-task-group/>

2) Add Frequently Asked Questions. (See the EFCOG QA Procurement Engineering and SQA web-pages for examples)

- 5/18/2022 Brainstorming Meeting – Discussed possible ways to open communication between all sites. A couple actions items will be discussed next EFCOG meeting after follow-ups complete.

Task: New Task SC-22-03 – Supplier Performance Metrics

Project Manager(s): **Elena Galinski** (ANL)

DOE Liaison: TBD (possibly Christopher Beaman)

Members: Lydia Torres (SNL)

Goal: Identify sites with supplier performance metrics that could be turned into a white paper.

Discussion: Per Steve Behrends, I am suspicious that we are not capturing many of the nonconformances I believe are occurring as our numbers are just too low and year to year, fewer reported. Hopefully there will be a few locations that have metrics on this topic.

11/02/22 The EFCOG QA Policy & Procedures group issued a White Paper on this subject: E-SG-QA-PAP-2021-02 Revision 0 available at: <https://efcog.org/wp-content/uploads/Wgs/Safety%20Working%20Group/Quality%20Assurance%20Subgroup/Policy%20and%20Procedures/Documents/E-SG-QA-PAP-2021-02%20Rev0%20QA%20Metrics%20Guidance.pdf>

Task: Potential New Task SC-23-01 – MSL Broadcasting

Project Manager(s): **Amber Romero** (SNL)

DOE Liaison: TBD (possibly Christopher Beaman)

Members:

Goal: Proliferation of MSL Access

Discussion:

- NNSA sites to stand up a web page on their internal unclassified network, with a description of the MSL and a link to registration.
- Other DOE complex sites to do the same, recognizing that they will not access detailed site audit reports conducted for weapon sites' needs.
- DOE complex sites' Small Business Advocates establishing access into MSL so that they can assist customers to find suppliers using MSL.

Task: Potential New Task SC-23-02 – MSL Expanded Data

Project Manager(s): **Amber Romero** (SNL)

DOE Liaison: TBD (possibly Christopher Beaman)

Members:

Goal: Expanding supplier list and information available in MSL

Discussion: Expand supplier list to include suppliers who are not required to undergo on-site assessments by NSE. Make SCRM reviews and desk assessments available to users for these suppliers. This would add over a thousand additional suppliers to the MSL, covering a wide variety of commodities and capabilities.

Task: Potential New Task SC-23-03 – Inspection Techniques

Project Manager(s): **Amber Romero** (SNL)

DOE Liaison: TBD (possibly Christopher Beaman)

Members:

Goal: To share best practices

Discussion: Share “best in class” quality inspection techniques for hardware and electronics

(As of Dec 2022)

Purpose:

1. **Reduce burden on audited facilities** (if you plan to audit or have audited the facility, speak up!)
2. **Reduce burden on DOE sites** (if interested in a supplier and can provide audit support, speak up!)
3. **Communicate focus areas (if applicable)** (if you had an experience with the supplier or other supplier with a similar commodity that warrants focused attention during an audit, speak up!)

To find DOE documents and items such as ORGEX and S/CI:

<https://powerpedia.energy.gov>

- EFCOG Site

The EFCOG Web site is located at: <http://efcog.org/>

Contact Changes and Document Postings should be sent to:

Christine Frei, Longenecker & Associates, Inc., 804-263-4591, cfrei@la-inc.com

The EFCOG Supply Chain Quality Working Group or Task Team is located at:

- <https://efcog.org/safety/quality-assurance-subgroup/supply-chain-quality-task-group/>

- Alonzo Simon, Jason Mayse WIPP and Kristi Haataja LLNL to chair updates to site layout

- Supply Chain POC List (7/2022 looking at adding ISM personnel)

Contact Changes and Document Postings should be sent to:

Veronica Ballew, veronica.ballew@wipp.ws

The latest and greatest POC List is posted on the EFCOG [Supply Chain Quality Task Team Website](#) – or – URL:

https://efcog.org/safety/quality-assurance-subgroup/supply-chain-quality-taskgroup/?drawer=Supply%20Chain%20Quality*Documents

7/2022 looking at adding ISM personnel (CAS, SC, HPI, WP&C)

- Proposed additions to NAP-24B (401.1A)
 - Attachment 5 M&TE requirements (will be R028 NNSA Metrology Program)
 - Attachment 6 Supplier Quality Requirements (will be added to R013 Control Supply Chain)
 - NAP-24A was changed to NAP-401.1 on 10/1/19. Content was the same, only the number was changed.
 - The Weapon Quality Division, NA-121.3 revised NAP-401.1; NAP-401.1A was published on 6/23/2021. 7/20/21 an Administrative Change was issued.

- R-013 Face to Face Kick off meeting was held 6/30/2022 at KCNSC
 - SNL (Phil New & Melissa Flurry) & KCNSC (Verne Howard & Ben Harper) & LANL (Bill Wingfield, Elena Atencia, **Darren Meadows, Georgia Chavez & Deb Norman**) are working on the R-013 writing team.

- R-028 NNSA Metrology Program is in RevCom

- Does your site include Suspect/Counterfeit Item (S/CI) Prevention Lines of Inquiry (LOIs) in your checklists?
 - If not you should add S/CI LOIs to your checklists.
 - The main thing we should be asking our suppliers, is if they find a suspect/counterfeit item do they hold it for investigation (by the IG) or return it to the supplier?
 - DOE O 414.1D “Quality Assurance” is trying make sure S/CI items do NOT get back into the supply chain and offenders are prosecuted.
- See DOE Handbook Suspect/Counterfeit Items Resource Handbook DOE-HDBK-1221-2016 August 2016, Change 1, effective Jan 2017).
- Gabby’s email address has changed. Please note: gabrielle.holcomb@hq.doe.gov
- Gabby Holcomb of Sandia has shared with us an on-line S/CI training:
- https://prod-ng.sandia.gov/wbt/SCA050/course_holder.html
- 2/7/20 the latest DOE S/CI site is:
 - <https://www.energy.gov/ehss/policy-guidance-reports/databases/suspectcounterfeit-and-defective-items>

Who is Eligible to Grant ISO 9001 Certification?

- So who is eligible to grant ISO 9001 certification? Many people assume that ISO grants certification, but in fact, this is not true, instead, a registrar or certification body (CB) will be the one to grant certification (Read: [Who is ISO?](#)). When choosing a registrar a supplier should make sure that they are accredited. They should be a member of the International Accreditation Forum (IAF), and additionally need to be ISO/IEC 17021:2015 certified.
- One of these standards is [ISO/IEC 17021:2015 Conformity assessment “Requirements for bodies providing audit and certification of management systems”](#), which in effect stipulates the requirements for Registrars who certify organizations to ISO management standards like ISO 9001, ISO 14001, etc.
- People often say “[ISO Certified](#)” but ISO does not issue certificates or certify individual companies to any standard. So who can Grant ISO 9001 Certification? They are issued by certification/registration bodies (also called Registrars or CB’s), which are independent of ISO. CB’s need to be accredited by an IAF member to be internationally recognized.
- [ISO/IEC 17021](#) ensures international acceptance of the CB’s certifications (i.e. your ISO 9001:2008 certificate) by requiring that all Accreditation bodies ([ANAB](#), etc.) belong to an internationally accredited organization, like the [IAF](#). Likewise, the IAF ensures that CB’s comply with ISO/IEC 17021.
- Some Quality System Registrars are not accredited by IAF, and thus are not meeting [ISO 17021](#) — and **will not be internationally recognized**. Make sure that you [choose a Registrar](#) who is accredited by an [IAF member](#) (ANAB or the equivalent of ANAB in your country or region).
- When you receive your registration certificate, it should display the ANAB and the IAF logos and unfortunately, without them, you are not officially ISO 9001 certified.
- 11/2022, Amber Romero checked and we are not allowed to issue AS-9100 certs to our suppliers even if we were accredited, as this would be considered a conflict of interest.

Recent Complex Organizational Moves!!

- UCOR

- The Department of Energy's Office of Environmental Management (EM) has awarded a 10-year, \$8.3 billion contract to United Cleanup Oak Ridge (UCOR), of Germantown, Md., for the cleanup of the Oak Ridge Reservation in Tennessee, including the Y-12 National Security Complex, Oak Ridge National Laboratory (ORNL), and the East Tennessee Technology Park (ETTP).
- UCOR is a newly formed limited liability company made up of AECOM Energy and Construction, Jacobs Technology, and Honeywell International. UCOR's teaming subcontractors include RSI EnTech, Strata-G, Longenecker and Associates, and Environmental Alternatives.
- **The timeline:** The Oak Ridge Reservation Cleanup Contract will replace the ETTP cleanup contract held by URS/CH2M Oak Ridge that expires on January 31, 2022. The current contract, however, includes one additional six-month option period that, if exercised, could extend it through July 31, 2022.
- **The tasks:** As the cleanup contractor, UCOR is to lead cleanup and remedial actions at ETTP; cleanup of excess facilities at ORNL and Y-12; design, construction, and operation of the new on-site disposal facility, the Environmental Management Disposal Facility; operational activities and surveillance and maintenance for multiple EM operational and nonoperational facilities; and core functions for central and project services.
- According to EM, the goal of this end-state contract award is to achieve measurable results toward the completion of the DOE-EM mission at the Oak Ridge Reservation by accomplishing the maximum amount of environmental cleanup within the 10-year ordering period at the best value to taxpayers.

- MSTS

- ✓ 10/27/2022 - Garrett Harencak Named President of MSTS

Possible new Task for Joint Audits?

Does any site have a good method of sharing supplier documents (i.e. procedures) with team members?

LANL can use Teams and we have shared folders for our suppliers.

A LANL supplier uses IMSXpress or ISOXpress to post their Quality Manual and Procedures

Any others?

Thanks !

Bill

We are looking to make this meeting as useful and meaningful to the audience as possible and would like to hear from the 'customer' on how we can make it more valuable

If you have any suggestions for this meeting (anything specific or general you want to add to meeting, anything you don't want to see, etc.), please send to mslsupport@sandia.gov

Your suggestion will be kept anonymous. Only looking for feedback to make this meeting as useful and meaningful to the audience as possible.

Thanks !
Kristin Bell

Official Use Only (OUO)

- We are working on some new upgrades. Details were discussed in the EFCOG Fall Meeting during the MSL session.
- One feature is the merged multi-site audit schedule. In order to build the prototype all site need to submit their schedules to Kristin Bell as soon as possible to mslsupport@sandia.gov **NLT October 28**. Once in place, the schedule in these slides will go away.

- We will be checking the MSL for ‘violations’ and contacting people individually!
- Kinds of errors found:
 - No auditor name (There should be an Owner name and at least the Lead Auditor name)
 - No start date (if you did an assessment, there is a start date or a scheduled start date)
 - Incorrect site identified (the site should always be the site who did the assessment even if you do it for another site)
 - No assessment method (if you did an assessment, there was a way you did it)
 - Not checking to see if supplier already exists and adding same one in a different naming format
 - Prefer and strongly recommend (but not required) a comment indicating pending SCARs
 - Prefer and strongly recommend (but not required) updating record once SCARs are closed and uploading
- **Kristin will be releasing new user guides to cover some of these things.**
- **There will be emails going out to the people who entered these, to try to fix future entries.**
- **Our goal is to have the best quality of information in MSL!**

- Next Webinar/Call: (Usually the Third Wednesday of each month)
 - 1/18/2023
 - 11:00 AM EDT
 - 10:00 AM CDT
 - 09:00 AM MDT
 - 08:00 AM PDT
