**March 18, 2026**

Attendance for Today: **52**

\*red font = new information or action items/green font = reminders\*

Topic/Slide(s)		Meeting Updates/Notes
<b>**Please reference slides for additional information**</b>		
<b>Upcoming Conferences and Workshops - Slide 4</b> See slides for details		
<b>Site Specific Announcements – Slide 5</b> SIMCO QA Job Postings – Click links to see description and requirements		
<b>MSL and Sharing Documents – Slides 6-9 (Kristin Bell)</b> Questions/Discussion: Slide 9 We are currently in the testing stage of several projects. Please see the slide for details. To all sites: If you see blank fields, please help by filling them in. We are trying to do a lot of data cleanup prior to our next release. It would be greatly appreciated! Elena Galinski – For the Assessor certifications storage - is that for NQA-1 assessors complex-wide? Kristin – Usage can be for any certified lead assessor across the board whether that is for Level assessments, NQA-1 or other type. The idea is to be able to ‘borrow’ an assessor from another site and have evidence that the person has gone through all the required training to be qualified to conduct an assessment as it should be. Since Sandia’s training records include personal information, we have created a letter that explains that the said person has been through the extensive training, is qualified, performance was evaluated and has maintained that certification through our required steps. This would be posted there instead of the actual training record.		
<b>Topic Presentation – Eric Goodman, SNL (15 Minutes)</b> ARCUS: Hyperspectral Computed Tomography Quality Inspections		

Questions/Discussion:

Slides will be sent out with notes.

Eric's contact information: [elgoodm@sandia.gov](mailto:elgoodm@sandia.gov)

**Amber Romero**

**EFCOG Dates/Supply Chain Presentations (Slide 11)**

Questions/Discussion:

**New date for EFCOG Spring Conference: April 28<sup>th</sup>.**

TENTATIVE AGENDA

Regular MSL training including new functions/features, walk through of PSL data entry and Site Specific Risk Assessments.

Supplier Quality: General concerns about declining quality. Examine the issue and response on the part of AS-9100 Aerospace IAQG and from NQA-1 perspective. What should we be doing?

R033 Doc: How our team can increase efficiencies and consolidation of efforts in support of Defense Programs Supply Chain 2030 goals.

**R033 Update (Slide 12)**

Questions/Discussion:

Supply Chain Vision Defense 2030 Goal

Explanation of how this document is related to the upcoming R033 document. It will go into the DPBPS portal when complete.

Expectation will discuss a specific scope to roll out this vision. More details will be provided in the Spring meeting.

Copy will be sent out with slides.

Rollout for R033 – Deadline for Submission of draft comments was 3/17/26. Estimated release is around the start of April barring any obstacles.

**General Information – Slides 13- End**

**Next Teams Call Schedule, EFCOG Contact Information, MSL General Information**

**\*Considering the Spring Conference, we will not have an April or May meeting. If that changes, it will be communicated to the group \* See you in June !!**
