Kristin Bell – MSL Updates/Discussions

Kristin Bell

MSL and Sharing Documents – Slides 4-7

Questions/Discussion:

- The new MSL manual first draft is done. It is undergoing the final review before release by the end of the month. More features will be added, but wanted to get it published as soon as possible. If there are any inaccuracies, please let Kristin know. It will posted in the help section of MSL.
- **ACTION (Edit Users):** <Reminder from last month> Please, please, please populate any blank start dates for your site. Some do not have attachments, so I do not have that information. Our goal should be to have no blank start dates for assessments.

Amber Romero
